Profile

Passionate about mastering Salesforce, dedicated to learning, and committed to achieving excellence in Salesforce. Trailblazing through the Salesforce ecosystem and eager to apply skills in Lightning Web Components and Apex programming.

Education

Savitribai Phule Pune University   **Dec. 2021 – Sep 2023**
Master of Computer Application   *Pune, Maharashtra*

Rashtrasant Tukdoji Maharaj Nagpur University   **June 2017 – Aug. 2020**
Bachelor of Computer Application   *Nagpur, Maharashtra*

Projects

Hospital Management System | *Validation Rules, Relationships, Data Modelling, Secutity, Triggers, LWC*   **March 2023**

- Developed Lightning Web Components to enhance user interface and functionality for patient and doctor modules.
- Implemented Validation Rules and Apex triggers to ensure data integrity during the creation of patient, doctor, and nurse records.
- Provided data security to users by using Profiles, Permission Sets, Sharing Rules and Role.
- Exported and Inserted Data to different objects using Data migration tool Data Loader.
- Configured Lightning Flows, Approval Processes, Email Templates, and Assignment Rules to automate data handling.
- Generated Reports and Dashboards based on specific requirements for better data visualization and analysis.

Weather Forecast Application | *HTML, CSS, Javascript, React.js*   **November 2020**

- Used ReactJS to develop a dynamic web application that integrates real-time weather data into the user interface.
- Utilized APIs to fetch and display up-to-date weather information, enhancing user experience.
- Implemented responsive design principles to ensure optimal performance across various devices and screen sizes..
- Deployed the web application on the CloudFlare platform.
